

I Can Spell

(with Sight Words)

If students know how to spell these common sight words, they can use that knowledge to help them spell (and read) many other words that share the same pattern.

Sample list with beginning sight words:

all	day*	look	out
am	did	made	saw
and	down	make	see
at	each	more	tell
best	fun	my	then
big	had	new	thing
boy	how	night	time
but	in	not	we
can	it	now	will
could	like	old	

*see example (pg. 4 of download)
