AT/AG & OT/OG Word Puzzles

Print pictures off onto cardstock and laminate for durability. Cut out on the dotted lines to create a 3-piece puzzle for each CVC word.

Create three workspaces for the puzzle pieces. (We used the floor for this activity.)

1. Initial letters

2. Middle letters

3. Final letters

*Help your child locate the initial, middle, and final letters that create an -at word. The pictures will match up to provide extra support.

*Once each puzzle is complete, help your child read the word like this: /p/-/a/-/t/ (with a space in between each letter sound), then blend the sounds quicker: *pat*.

Roll a Word

For use with education cubes. If you do not have education cubes, you can purchase them at www.amazon.com (they are called photo stacking blocks), make your own cubes with priority mail boxes, or adapt this activity without use of the cubes.

To Prep:

- Print onto cardstock for durability (you can also laminate inserts, but it's not necessary).
- Place all the onset cards (blue) into one cube and the rime inserts (red) in another cube.

To Play:

- The student rolls the onset cube, then rolls the rime cube.
- Slide the cubes side-by-side to "spell" each word.
- Read each word made: c-at, cat or h-ot, hot.
- As an extension, the student can use the Recording Sheet, (pg. 5 of download) to write the rolled words. Directions are on the recording sheet for making real or silly words.

Example:

h	ot
---	----
