

Check it!

Materials Needed:

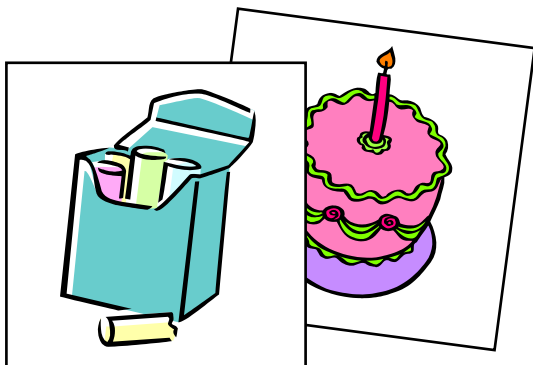

- C and CH cards (found in this download pack)
- S, H, and SH cards (found on my blog [HERE](#))
- Print all cards onto card stock

How to Play: (for 2 players)

- Identify the picture cards quickly with your child. All picture cards may not need to be identified; just use your judgment and identify the ones that you think may be difficult for your child (such as comb or chainsaw).
- Shuffle all cards and divide them between the two players.
- Players place their deck facedown.
- At the same time, players turn over their top card and place it face-up so both players can see it, making two piles (one for each player). If the two face-up cards begin with different sounds (such as *cake* and *chalk*) players continue drawing cards from their piles and stacking them face-up.
- If the two face-up cards start with the same beginning sound (like those found in *chips* and *chalk*), the first player to slap either pile and say, "Check it!" gets to collect both piles of face-up cards.
- The player who has the most cards at the end of the game is the winner.

Variation: If 3 players are playing, divide the cards up evenly. Players can slap any pile and say, "Check It!" if 2 of the 3 piles begin with the same letter, since it will be rare that all 3 begin the same.
