Terms of Use: This free printable pack was created for you to use at home with your child/students or with multiple children in a classroom/tutoring setting. Please **do not** sell, host, reproduce, giveaway, or store on any other site (including a blog, Facebook, 4Shared, Dropbox, etc.). Thank you!

Cut it Out! Pack

Intro and Instructions

In this Cut it Out! Pack, you will find four levels: straight lines, curved lines, zig-zag lines, and shape puzzles. My hope is that this pack will grow with your child as cutting skills mature.

I desired to create ideas in this pack that had extension activities beyond just cutting practice. Here are some ideas for extending the activities:

- **Cut It Out! Strips-** After the child cuts out all the strips, use the cards as counting cards or create patterns together.
- **Cut it Out! Cutting Cards-** After the child cuts them up, mix them up to create picture puzzles. The pictures help to make the activity self-correcting. Once matched up, the child can glue the pictures down on paper.
- **Cut it Out Shapes-** Once cut out, the child can glue them down to the template to create a picture.

Cut it Out! Strips Level 1 - Cut on horizontal black lines to create cutting strips for child.

After pictures have been cut out, the child can use them as puzzles. Pictures can be glued down onto paper once matched up again.

Cut it Out! Strips Level 2 - Cut on horizontal black lines to create cutting strips for child.

Curved Lines

After pictures have been cut out, the child can use them as puzzles. Pictures can be glued down onto paper once matched up again.

Cut it Out! Strips Level 3 - Cut on horizontal black lines to create cutting strips for child.

After pictures have been cut out, the child can use them as puzzles. Pictures can be glued down onto paper once matched up again.

Cut it Out! Level 4 Shapes

Cut out the jack-o'-lantern shapes.

Cut it Out! Level 4 Shapes
Jack-o'-lantern Template

Glue shapes down to make jack-o'-lanterns.
