- Younger children can look for the numbers on signs as you pass them in your car. Older kids can look for numbers, but in specific place values. For example, “Let’s see if we can find the numbers 0-9 in the ten’s place on the signs we pass.”
- Numbers can be found in sequence or in random order.
- Play can be competitive or car riders can work together.

Pages 3-5

- Write numbers at the top of the page in the blank(s).
- Players look for specific numbers, such as greater than 100, less than 40, or between two numbers such as 25 and 75.
