

Phoneme Counting Cards

PREP

- Print counting cards onto card stock and laminate for durability.

PLAY

- Name the object on the card.
- Say the name of the object a little slower, emphasizing each phoneme, or sound in the word.
- The child places one counter for each phoneme in the boxes under each picture, starting with the left box. For example, *plug* has four phonemes. So, one counter would be placed in the boxes for each phoneme: p - l - u - g.
- Then the child counts how many phonemes are in each word. (See our post for further directions.)
