

Roll & Race

Measurement Games

Want to add some NO PREP fun to your math lesson or math centers? These roll and race measurement games are the perfect fit!

The measurement games included in this free pack are:

1. Which One? Longer & Shorter (Bigger/Smaller)
2. Which One? Lighter & Heavier
3. What Time is it? Telling Time by the Hour with digital clocks
4. Is It Time? Time by the Hour with analogue & digital clocks

To play, simply grab a die and a small marker to cover the boards and you're ready to go! Print a recording sheet and use a pencil to add an extension or accountability piece to the games.

CLOCK Playdough Mats

Open-Ended Learning & Play

Roll & Race Which One?

Roll a die. Look at the first box in the row that matches the number you rolled. If the object is longer in real life, color it red. If the object is shorter in real life, color it blue. Continue rolling and racing until you have a row that takes 1st, 2nd, and 3rd place.

Roll & Race Which One?

Roll a die. Look at the first box in the row that matches the number you rolled. Color the heavier objects that are pictured green. Color the lighter objects that are pictured yellow. Continue rolling and racing until you have a row that takes 1st, 2nd, and 3rd place.

Roll & Race What Time Is It?

Roll a die. Tell what time it is in the first box from the row that matches the number you rolled. Cover that box. Continue rolling and racing until you have a row that takes 1st, 2nd, and 3rd place.

Roll & Race IS IT TIME?

Roll a die. Look at the first box in the row that matches the number you rolled. Tell if the child is thinking of the correct time or not. Continue rolling and racing until you have a row that takes 1st, 2nd, and 3rd place.
