The interactive activities for each kind of syllable includes:

- Cut & Paste Syllables
 - Read, Color, & Write Syllables
 - "Cut the Cheese" Syllables (with several options!)
1. Print these as cards that learners can actually cut apart by syllable.
 2. Pages and/or cards can be laminated and learners use a dry erase marker to draw where the cheese needs to be "cut" by syllable.
 3. If cut apart, the cheese pieces can be used in a matching game in the next lesson. This gives learners the opportunity to match and read the words they have created.
 4. Use the editable cards and create your own words!

Terms of Use: This printable pack was created for you to use at home with your child/students or with multiple children in *your* classroom or tutoring setting. Please do not share between teachers, sell, host, reproduce, giveaway, or store on any other site (including a blog, Facebook, 4Shared, Dropbox, etc.). Thank you!
