2. Download and save this PDF to your computer. Use that file to make your edits. If you try to edit before you download the file, you may not be able to see the editable fields.

4. Click on and type your numbers in the blue/gray boxes in each space. If you do not type numbers in the boxes, the templates will print blank.

5. The numbers will auto size for you.

6. Save your work or print it out.
