

Roll It, Find It, Cover It

NO PREP Shape Games

These NO PREP Shape Games are a fun way to get in some extra practice with 2D* and 3D shapes and their attributes. 8 games are included.

**Please note that the real life clip art images are as close to 2D shapes as I could find. In reality, most of the 2D clip art images are really 3D objects.

We have even more math games in this series!
See them all @

trapezoid

parallelogram

hexagon

Roll It, Find It, Cover It

Directions: Roll a die. Name the 3D shape. Find one object that is the same shape on the game board and cover it. Can you get five in a row?

Roll It, Find It, Cover It

Directions: Roll a die. Name the 2D or 3D shape. Find one object that is the same shape on the game board and cover it. Can you get five in a row?

Roll It, Find It, Cover It

Directions: Roll a die. Name the 2D shape of the face that the arrow is pointing to. Find the same shape on the game board and cover it. Can you get five in a row?

Roll It, Find It, Cover It

Directions: Roll a die. Read the clue that matches the die pattern you rolled. Find the 3D shape that matches the clue and cover it. Can you get five in a row?

 I can only roll.	 I have five faces.	 I have nine edges.
 My six edges are all the same length.	 I have six vertices.	 I have zero faces.
 I have five vertices.	 I have two faces.	 My six edges are not all the same length.
 I can roll and slide.	 I have twelve vertices.	 I have one face.
