Do I Double It?

If a base word is a 1-1-1 word, double the last letter before adding a vowel suffix. What are 1-1-1 words? Read below.

The word has
one syllable.

Examples:

pop
wed
dig

The word has
one vowel.

(Remember *y* and *w* can be part of a vowel team, like in the words day and show.)

pop
wed
dig

The word has
one final
consonant.

pop
wed
dig

Cut out and glue down each base word and -ing suffix to match the pictures. Remember to double the last consonant when writing the words that follow the 1-1-1 rule.

Add and Spell

Add -ed or -ing to these base words. If the base word follows the 1-1-1 rule, be sure to double the consonant before adding an ending. If the base word ends with two consonants (VCC), do nothing to the base word before adding the ending.
