

# 52 MULTIPLICATION Clip Cards

These simple clip cards can help your learners practice their multiplication facts in a fun way.

Print them onto cardstock, laminate (optional), cut them out, and your learners are ready to go.

## TABLE OF CONTENTS:

p. 3 10 x 10 grid clip cards

p. 11 12 x 12 grid clip cards

\*Please note: I did *not* include every single multiplication fact with these cards. Because x1, x2, x5, and x10 are easier for most learners, I mainly focused on x3, x4, x6, x7, x8, x9, x11, and x12.

>> [\*\*FIND MY BLOG POST HERE\*\*](#) <<

**Terms of Use:** This printable pack was created for you to use at home with your child(ren) or with multiple children in a SINGLE classroom/tutoring setting. Please **do not** share this file between classrooms. Instead, encourage others to visit my blog to get their own copy. Please **do not** sell, host, share, reproduce, giveaway, or store on any other site (including a blog, Facebook, 4Shared, Dropbox, Amazon Inspire, etc.). Thank you!
