

PRINTABLE

cutting practice strips

Use these SIMPLE cutting practice strips to help your little ones practice their cutting skills. Each page gets a little more challenging to help you meet your learners' fine motor needs.

To prep, just print and cut along the solid horizontal lines on each page. Learners use scissors to cut along the dotted lines. Be sure to keep a small container, bowl, or trash can nearby for trash.

Copying for multiple learners?

PRINTABLE

cutting practice strips {blackline pages}

I recommend printing these pages onto cardstock since it is sturdier than copy paper. You can even print on different colored card stock to add a little “pop” to the strips.

cutting practice strips {for multiple learners}

If you're running copies for **multiple learners**, these pages may make it easier to print/color code strips onto colored cardstock.

I recommend printing these pages onto cardstock since it is sturdier than copy paper. You can even print on different colored card stock to add a little "pop" to the strips.
